Dear Professor Liu

**Re: Course Evaluation and CRL for Curtin Award Programs**

Thank you for your request to evaluate your program as listed below to determine the quantity of Credit for Recognised Learning (CRL) credit points which may be granted to a student articulating from this program to the Curtin University award programs listed below.

The content and learning outcomes of the units within the course have been evaluated including their equivalence to Curtin units and the amount of CRL granted for other similar programs.

Curtin University will accept the completion of your program as listed below as meeting the academic entry requirement to Curtin's award programs as listed below.

**English Entry Requirements**

Applicants must provide separate evidence of meeting Curtin's English requirement to gain entry into these award programs. Please refer to the link for comprehensive details: <https://study.curtin.edu.au/applying/english-language-requirements/>

Curtin will grant credit points up to a maximum as listed below to students who complete the listed program at your institution, provided the program remains the same as that which was used for this evaluation, and that the outcomes continue to align with the Australian Qualifications Framework (AQF).

Shantou University Program	Curtin University Program	Special Conditions
<b>2 Year Study Abroad Undergraduate Program (Business)</b>	<b>Bachelor of Commerce (single major)</b>	For all majors where units apply

BUS1005A Business Statistics	ECOM1000 Analytics for Decision Making	
BUS1004A Accounting	ACCT1002 Financial Decision Making	
	4 x Elective Units (25 credits each)	
	<b>Maximum 200 credits</b>	

Shantou University Program	Curtin University Program	Special Conditions
2 Year Study Abroad Undergraduate Program (Computer Science and Technology)	<b>Bachelor of Commerce (single major)</b> 8 x Elective Units (25 credits each) <b>Maximum 200 credits</b>	For all majors where units apply

#### Period

This evaluation is valid for a period of three (3) years ('approval period') commencing on the date of this letter or until structural changes occur within your program or Curtin's award program. Structural change includes but is not limited to changes to modules, module content, learning outcomes and assessments.

#### Renewal of Evaluation

Six months prior to the expiry of the approval period, it is the responsibility of both Curtin and Shantou University to discuss the extension of this evaluation.

#### Genuine Temporary Entrant (GTE) Requirements

Curtin University is required to assess applicants for admission against the Department of Home Affairs (DHA) Genuine Temporary Entrant and Genuine Student criteria <https://immi.homeaffairs.gov.au/visas/getting-a-visa/visa-listing/student-500/genuine-temporary-entrant>

Students will need to ensure that in addition to their application they will also need to supply the GSAF. A genuineness assessment will then be done taking into account a number of personal factors relating to the student, these include but are not limited to:

- Immigration history
- genuineness of documents supplied
- evidence of financial capacity. Student must have enough money that is genuinely available to student to pay for course fees, travel and living costs for student and accompany family members while in Australia.
- circumstances which may encourage them to return to their home country and/or conditions that encourage them to remain in Australia
- circumstances which may encourage the request for a release letter to go to another city or downgrade in course

Please note that in some circumstances, Immigration may request evidence of English competence. This request differs from Curtin English language requirement.

#### Responsibilities

It is the responsibility of both Curtin and Shantou University to promptly provide written notice to the other party of any actual or planned structural changes to their respective programs listed above within three (3) months of the planned or actual changes. Failure to do so may nullify this evaluation and Curtin will provide you with notice of termination of the CRL arrangements set out in this letter.

#### Promotion and Marketing

This evaluation does not permit Shantou University the use of Curtin's logo or the reproduction of this letter for promotional purposes. Should you require this permission, please contact the Curtin Responsible Officer.

#### Relationship

The terms of this letter cannot be construed as constituting an agency, association, joint venture or partnership of any kind between the Curtin and Shantou University. Each party enters into the CRL arrangements as an independent contractor.

Neither party will hold itself out as representing the other party, or make any suggestions or implication that such agency exists.

Curtin may at will terminate the CRL arrangements in this letter at its discretion where it forms the view that the other party has breached a term of this letter.

The terms of this letter can only be varied in writing and any variations must be signed on behalf of each party by its duly authorised signatory.

Yours sincerely

---

**Professor Seth Kunin**  
**Deputy Vice Chancellor, Global Curtin**

**Shantou University**

Shantou University accepts and agrees to be bound by the terms of the CRL arrangements between the Parties as set out in this letter.

**Signed for and on behalf of:**
